

# DELHI METRO – Caring for your Safety!

*Few useful tips for Safe Travel with Delhi Metro*

## Escalators

### ☑ DO's

- Face direction of travel
- Keep feet within yellow lines
- Keep feet away from sides
- Hold the handrail while using the escalator
- Hold children firmly
- Move away from Escalator after reaching destination
- In case of Emergency, Press Emergency stop Red buttons located at the bottom, top & centre of the escalator

### ☒ DON'Ts

- Do not use the escalator when it is not working
- Running on escalator not permitted
- Push Chair not permitted
- Transportation of bulk and heavy loads not permitted
- Use permitted only with footwear

## Platform and Train Car

### ☑ DO's

- Stand behind the yellow line
- Allow passengers from the train to alight first
- Mind the gap between the platform and train while boarding or de-boarding
- Follow the instruction of marshals stationed at platform

### ☒ DON'Ts

- Do not push your co-passengers while at the platform as well as while entering the train
- Do not stand unnecessarily in line with the door movement
- Do not try to enter when the train doors are closing
- Do not smoke while at station as well as inside the train

## Elevators

### ☑ DO's

- Stand clear off the doors and step into the elevator once it has stopped and doors have opened fully
- Press your destination button gently (Indicator in button shows your call is registered)
- Comply with weight /number of persons specified
- Use the door open button only when necessary. Preventing doors from closing delays the service for other users
- Follow the principle: LAST IN- FIRST OUT
- Use emergency alarm/intercom button only during emergency condition

### ☒ DON'Ts

- Do not use elevators in case of fire
- Do not try to force open the door
- Do not stand unnecessarily in line with the door movement
- Do not try to enter when the elevator doors are closing
- Do not smoke inside the elevator
- Do not panic if you happen to get stuck inside the elevator for whatsoever reason  
Be patient, remain calm, you are safe  
Press alarm or intercom button to call help
