

Item No. 1: DMRC is a company registered under the Companies Act, 1956 with 50:50 Equity participation from Government of India and GNCTD. The Main object (functions and duties) of DMRC are stated below: -

a. Planning, designing, development, construction, maintenance, operation and financing of Mass Transit and other Urban Transport and People Mover Systems of all types and description in National Capital Territory of Delhi and other areas of the National Capital Region (NCR), either individually or in association with other Undertakings or Companies in India and/or abroad, including but not limited to:

- (i) Feasibility Reports, Detailed Project Reports, Techno-Economic investigations, site selection, supply of basic engineering and detailed designs and working drawings for construction of the system, equipment selection therein and manufacture of rolling stock and equipment, including their components, spares, assemblies and sub-assemblies of all kinds and disciplines, material handling, preparation of specification and tender documents, tender evaluation and purchase assistance of all materials and goods pertaining to such projects, expediting inspection and testing, construction supervision, project management, commissioning, operation and maintenance, training of personnel and any such other services.
- (ii) Provision of Engineering, technical and management services including but not limited to engineering, commercial and operational management, market research and personnel management, organizational structure, improvement in the system of administration, traffic forecasts, transport planning, investment planning, modernization of existing systems and facilities, modernization of motive power and rolling stock, improvement in operational and maintenance practices towards optimum utilization of the assets, inter-modal relationship of various forms of transport and engage in research of all problems relating to mass transit, urban transport and other People Mover Systems and Promotion or proposition of such methods, studies and measures as may be considered desirable by or beneficial to the interest of the company.

b. To carry on business relating to construction, maintenance and operation of mass transit and other urban transport and People Mover Systems of any kind and description and to enter into contract on a turnkey basis or otherwise, either individually or jointly with other undertakings and companies or persons abroad or in India, including supply, erection, commissioning of equipment,

testing, operation and maintenance and all other services ancillary thereto, including but not limited to :

- (i) Construction of new systems, including road/rail over and under-bridges and foot over/under bridges and sub-ways.
 - (ii) Upgradation, strengthening, doubling or conversion of any or all components of existing systems.
 - (iii) Laying and renewal of permanent way, including points and crossings
 - (iv) Strengthening, rebuilding or regirding of existing bridges
 - (v) Construction and modernization of manufacturing, remanufacturing and repair workshops and maintenance depots and modernization thereof.
 - (vi) Setting up of new production units for manufacture of rolling stock, mass transit vehicles, signaling, interlocking and telecommunication equipment, bridge girders, structures, welded rails, prestressed concrete sleepers, various track components and other requirements for mass transit and other urban transport and People Mover Systems of any kind and description.
 - (vii) New signaling, telecommunication and train and traffic control and management systems.
 - (viii) Modernisation of existing signalling, telecommunication and train and traffic control systems.
 - (ix) Electrification of systems including but not limited to traction and general power supply systems and public utility systems.
 - (x) Commissioning and operation of mass transit, other urban transport and People Mover System or installations.
 - (xi) Maintenance of Ways, Works, all types of fixed installations, rolling stock and other equipment including signaling and interlocking, telecommunication, train contact and electrical installations.
 - (xii) To operate and maintain Mass Rapid Transport or other urban transport and People Mover Systems belonging to the Company through other parties (including bodies corporate) on lease and licence basis.
 - (xiii) To provide and arrange integration of various modes of mass transit and other urban transport and People Mover Systems including but not limited to feeder transport services and ancillary arrangements like parking, circulation areas etc.
 - (xiv) To carry out market research, market surveys and public relation measures.
- c. (i) To design, establish, provide, maintain and perform engineering, technical and consultancy services for development of urban mass transport projects of all types and descriptions including but not limited to surveys of all types, feasibility reports, detailed project reports, techno-economic investigations, site selections, supply of basic engineering and detailed design and working drawings for construction of Railways and other mass transit systems, industrial plants and factories pertaining to their working, and equipment selection therein and manufacture of Railway rolling stock and other vehicles, rail or road and equipments of all kinds and description,

material handling, preparing specifications and tender documents. Tender evaluation and purchase assistance of all materials and goods pertaining to such projects, expediting, inspection and testing, construction supervision, project management, commissioning and maintenance, training of personnel and any other such services of any kind and description.

- (ii) To lend on suitable terms the Company's technicians, experts and others, to parties in India and /or abroad for development of Urban Mass Transport Projects including allied projects in other fields of transportation of all types and descriptions and to send out to foreign countries the company's technicians, experts and others, plans and drawings, plant and machinery and tools in connection with development of Urban Mass Transport and allied projects and employ foreign technicians or experts or advisors on a contract basis.
 - (iii) To render technical advice and engineering services and all other connected services relating to the development and operation of Mass Transit and other Urban Transport and People Mover Systems to any person, firm or body corporate in the public or private sector including but not limited to supply of technological information, know-how.
 - (iv) To provide technical know-how and management services to other parties for the manufacture of goods or materials required for Mass Transit and other Urban Transport and People Mover Projects of all kinds and description or for installation or erection of machinery or plant for such manufacture or for developing allied industries in India or abroad.
 - (v) To lend on suitable terms the company's technicians, experts and others, to other parties for development of Mass Transit and other Urban Transport and People Mover Systems of all types and descriptions and to send out to foreign countries the company's technicians experts and others, plans and drawings, plant and machinery and tools etc. in connection with development, maintenance and operation of such projects, and employ foreign technicians or experts or advisors on a contract basis for furtherance of company's objectives aforesaid.
- (d) To carry on the business of railway transport, carriers of passengers, by rail and to generally carry on all businesses relating to a Railway company (as defined in the Indian Railways Act, 1989 as amended from time to time or equivalent new definition of a Railway company, or in any new or amended act which may come into force), including but not limited to :
- (i) making or constructing in or upon, across, under or over any lands, or any streets, hills, valleys, roads, railway, tramways, or any rivers,

canals, brooks, streams or other water or any drains, water pipes, gas-pipes, oil pipes, sewers, electric supply lines, or telegraph lines, such temporary or permanent inclined, planes, bridges, tunnels, culverts, embankments, aqueducts, roads, lines of railways, passages, conduits, drain, piers, cuttings and fences, intake wells, tube wells, dams, river training and protection works as the company thinks proper,

- (ii) altering the course of any river, brook, stream, or other water courses, for the purpose of constructing and maintaining tunnels, bridges, passages or other works over or under them and divert or alter, either temporarily or permanently, the course of any river, brook, stream or other water courses or any road, street or way, or raise or sink the level thereof, in order to carry them more conveniently over or under or by the side of the railways.
- (iii) Making drains or conduits into, through or under any lands adjoining the railway for purposes of conveying water from or to the railway
- (iv) Erecting and constructing such houses, warehouses, offices and other buildings, and such yards, stations, wharves, engines, machinery, apparatus and other works and conveniences as the company thinks proper
- (v) Altering, repairing or discontinuing such buildings, works and conveniences as aforesaid or any of them and substitute others in their stead
- (vi) Erecting, operating and maintaining or repairing any telegraph and telephone line, any electric traction equipment, power supply and distribution installation in connection with the working of the railway.
- (vii) Making and maintaining works for the accommodation of the owners and occupiers of lands adjoining the railway such as crossings, bridges, over bridges, under bridges, culverts, tunnel, roads, drains, water sources or other passages over, under or by the sides of or leading to or from the railway
- (viii) Making boundary marks or fences, erecting gates, chains, bars, stiles or hand rails in connection with the working of railway
- (ix) Establishment of ferries for the accommodation of its railway traffic or otherwise providing and maintaining, bridges and roadways, carrying other traffic roadways constructing and maintaining roads for the accommodation of traffic passing, providing and maintaining any means of transport including motor transport or aircraft service with a terminus at or near a station on its convenience of passengers, carried or to be carried on its railway.

- (x) Establishment of Mass Transit and other people mover systems of all types and disciplines, rail, road, sea, underground and air based including rail based mass capacity rapid transit systems, surface heavy rail system, heavy metro systems, surface, elevated or underground, rapid rail transit systems, people mover systems, including magnetic levitation systems and monorails.
- (xi) Doing all other acts necessary for making, maintaining, altering or repairing and using the railway.
