- (iv) **T3-Net Worth:** Net Worth of tenderer during last audited financial year should be \geq **Rs. 8.30 Crore**. In case of JV- Net worth will be based on the percentage participation of each Member.

Example: Let Member-1 has percentage participation = M and Member-2 has = N. Let the Net worth of Member-1 is 'A' and that of Member-2 is 'B', then the Net worth of JV will be = $(AM+BN)/100$.

- (iv) **T4- Annual Turnover:** The average annual turnover of the tenderer during last five audited financial years should be \geq **Rs. 33.22 Crore.**
The averages annual turnover of JV will be based on percentage participation of each member.

In such a case the financial data of previous '4' audited financial years will be taken into consideration for evaluation. If audited balance sheet of any year other than the last year is not submitted, the tender may be considered as non-responsive.

1.1.3.3 Bid Capacity Criteria:

Bid Capacity: The tenderers will be qualified only if their available bid capacity is more than the approximate cost of work as per NIT. Available bid capacity will be calculated based on the following formula:

Bid capacity will be calculated based on the following formula:

$$\text{Available Bid Capacity} = 2 \times A \times N - B$$

Where,

A = Maximum of the value of works executed in any one year during the last five financial years (updated to the last day of the previous month of tender submission price level assuming 5% inflation for Indian Rupees every year and 2% for foreign currency portions per year).

N = No. of years prescribed for completion of this work

B = Value of existing commitments (as on the last day of the previous month of tender submission) for on-going works during period of **18 months** w.e.f. from the first day of the month of tender submission.

Notes:

- Financial data for last five financial years has to be uploaded by the tenderer in **Appendix-15** of Form of Tender along with audited financial statements. The financial data in the prescribed format shall be certified by the Chartered Accountant with his stamp and signature in original with membership number. All the documents or certifications which are provided by CA after 1st July, 2019, must contain UDIN thereon and the particulars of certifications must be same as mentioned on document/certification and submitted to ICAI on its website which can be verified online on <https://udin.org/search-udin>.
- Value of existing commitments for on-going works during period of **18 months** w.e.f. from the first day of the month of tender submission has to be uploaded by the tenderer in **Appendix- 16** of Form of Tender. All the documents or certifications which are provided by CA after 1st July, 2019, must contain UDIN thereon and the particulars of certifications must be same as mentioned on document/certification and submitted to ICAI on its website which can be verified online on <https://udin.org/search-udin>.

In the case of a group, the above formula will be applied to each member to the extent of his proposed participation in the execution of the work. If the proposed % is not provided, equal participation will be assumed.

Example for calculation of bid capacity in case of JV / Group Suppose there are 'P' and 'Q' members of the JV / group with their participation in the JV/ group as 70% and 30% respectively and available bid capacity of these members as per above formula individually works out 'X' and 'Y' respectively, then Bid Capacity of JV / group shall be as under:
